Benchmark and measure trading costs while defining key opportunity strategies

ANALYZE FULL TRADING LIFECYCLES WITH OUR OPTIONS TCA PLATFORM

The post-trade historical analysis in our groundbreaking global options TCA tool clarifies your trading costs leading to actionable insight. Its easy-to-use interface enables you to compare trading across different markets and venues, quantify execution quality, volatility and performance.

Our Options TCA enables you to:

- Quantify the transaction costs of options hedging and speculative strategies
- Measure calls and puts, spreads, straddles, strangles, buy-writes, and more
- Evaluate broker performance metrics and execution quality; identify outliers
- Compare your individual trading costs to peer benchmarks
- Track market liquidity to assess trade impact
- Directly measure against ticks and quotes from all global exchanges and OPRA liquidity
- Monitor high-cost outliers or trades outside the quoted spread
- Build custom data reports

Key Features

- Hundreds of built-in measures with detailed analysis for each step of the trading process
- Integrated with our global post-trade equity product in one centralized portal
- Full suite of online analytic tools and presentation-quality reports
- Integration with our Compliance+ suite for Rule 5310 compliance oversight and 606 reporting
- Detailed transactions in graphical format allow you to clearly see spread capture, contract commission rate(s) volumes, interval, and various strike prices
- Supports multiple industry standard identifiers for security identification (FIGI, ISIN, OCC, OPRA)
- Tiered access levels are available for users within your own organization.

Largest Possible Universe

Our multi-asset TCA platform captures the largest global peer benchmark universe with trillions in trade data to benchmark against. Data is included at no additional cost.

Confidential/Secure/Independent

There's a reason over 500 clients entrust their trade data to Abel Noser. You benefit by sharing in the scope of our knowledge and experience while remaining anonymous at all times.
