Material Aspects:

CROF

Evercore ISI routes to US Options Exchanges disclosed on the report through DASH Financial, an electronic options routing broker Evercore ISI routes held and not held orders to DASH Financial to be executed in various market centers chosen by DASH Financial. DASH Financial charges Evercore ISI rates from \$0.025 to \$0.25 per contract executed depending on the method of access and product, but Evercore ISI is generally charged \$0.05 per contract for low touch executions and \$0.15 per contract for high touch executions. In addition, Evercore ISI pays exchange, regulatory, market data and clearing fees related to executions through DASH Financial, and Evercore ISI is eligible to receive rebates based on its order volumes routed to DASH Financial. Dash Financial charges and rebates Evercore at the native rates the exchanges would charge Evercore as if it was a member. These charges and rebates will be different from the rates and charges DASH itself receives. Charges will include Commissions, Clearing and Exchange fees and rebates based on order routing. DASH Financial supplies executed venues which Evercore believes is representative of DASH Financial routing of our customer order flow.

Evercore does not receive any direct incentives from DASH by sending additional volume, achieving tier rates, nor is it penalized by not meeting minimum order amounts or charged fees for not meeting volume thresholds. Evercore receives no potential benefits based on DASH's overall volume and tiering targets with options exchanges, however, Evercore is not a party to those agreements. Evercore routes to DASH for their connectivity, technology, and services.
